Big Yellow Dog

As Music City songwriters, Al Anderson, Shawn Camp and Pat McLaughlin have penned hits for Garth Brooks, Trisha Yearwood and Don Williams. Joined by bassist Michael Rhodes and drummer Greg Morrow, they rock and swing on the cheeky,

Creedence-style stomp "Give Your Love to Me." From the smoldering Cajun shuffle "Mamarita" to the lumbering blues lament "Ball and Chain," this disc is joyous—sometimes shambling, sometimes galloping, always wearing its ragged edges proudly, as though channeling The Band at its prime.
