This volume includes an impressive list of writers noted for their contributions to Christian spirituality: Scott Cairns, Kathleen Norris, Richard Rohr, Ronald Rolheiser, James Schaap, Luci Shaw, and Lauren F. Winner. The book jumped to the number

one spot at Amazon for titles on Lent and Easter. The contributors offer daily reflections and prayers, and Beth Bevis adds essays on the history of each of the feasts and fasts of the Lent and Easter season. The book is amply illustrated with full-color, classic works of art.
